THE EVENING'S HOST

Greg Pearce

Greg Pearce has been on the radio airwaves and TV screens for more than 45 years.

Starting in his home town of Bunbury, Greg progressed to radio in Perth at 6KY, then television news with the ABC, Channel 9, and Channel 10.

Since 2015, Greg has shared the Breakfast duties on Curtin FM, passing on his love of Classic Rock and Pop music and all things WA.

He juggles his on-air role with teaching tomorrow's broadcasters at Edith Cowan University.

As host of the evening, Greg will interview "The Trackers" and take us back to the days of the 1960s when Carnarvon was buzzing with the almost impossible task of putting a man on the moon.
